## GINGERBREAD RECIPE

50 grams butter  
½ cup brown sugar  
1 egg  
1 ½ cups self-raising flour  
½ teaspoon bicarbonate of soda  
2 teaspoons ground ginger  
1 tablespoon golden syrup  
A few pumpkin seeds, sunflower seeds, or dried fruit.  
Line oven tray with tinfoil

Cream the butter and sugar until light and fluffy.

Beat in golden syrup and egg.

Sift bicarbonate soda, flour and ginger and fold into mixture. Cover with glad wrap and chill in fridge for 30 minutes. (This step firms up mixture if a little moist, but can be omitted.)

With hands create 1 large person. Use dried fruit and seeds to create eyes/buttons/hair/jewellery etc.

Place on lined tray and bake at 170°C for 15 minutes. Leave on tray to cool and slide tinfoil off onto A4 size card and fold tinfoil edges under the card.

Cover with glad wrap. Your Name.

This could be baked in the holidays or the weekend and frozen until Friday.

You will have some extra mixture that you could mould into shapes / biscuits for you to eat at home.

Please remember, this is for your child to do. Let them choose and arrange the decorations.

Happy Baking!
